

## Making Good Clothing

**M**ANY a man who has made good in his chosen line of work may justly attribute his success to the kind of clothes he wears. Just stop to think a moment—let the successful business man change clothes with a tramp for one day only, then let the business man handle his usual duties, imagine the consequences. Of course this is an extreme case, but illustrates the principles. The clean-cut, well dressed man almost invariably gets an audience and thus has a favorable entering wedge for whatever proposition he wants to make. All well dressed men are free and equal before their fellow men. They represent the type of

They played until a late hour, when they all partook of a grand supper which consisted of sandwiches, pickles, cake, oranges, apples, and good old Dutch potato salad, also coffee and angel food cake, which goes good with card players. ## DR. LEWIS MACKEY MEDICAL SPECIALIST

Home Office and Medical Dispensary, 1401 East Twelfth Street, Kansas City, Mo., Will be in

Great Bend, Ks., One Week Commencing Monday, April 1st, 1907

with office at The Hotel Briggs, daily from 9 a. m. to 6 p. m.

His Liberal Offer To The Afflicted of Barton County.

### READ CAREFULLY EVERY WORD OF THE FOLLOWING

Dr. Mackey, a specialist, whose office and medical dispensary is located in Kansas City, has decided to visit this place for one week for a three fold purpose.

1st. For the purpose of advertising his home office and dispensary in Kansas City and procuring patients for the same.

2nd. In order to become acquainted in this immediate vicinity with all suffering with chronic diseases which he makes a specialty of curing.

3d. To show these people his manner and method of curing such diseases.

In order to do this he has decided to give his professional services FREE UNTIL CURED TO ALL WHO CALL ON HIM DURING THE WEEK.

The only expense to the patient, who commences treatment with him during his week's stay, will be for the medicine actually used in the case

As he well knows every cured patient will afterwards send him from one to six others who will pay him the regular fee and it is for this purpose he has put the free treatment in force to prove what it will do, it is by no means a charity offer.

Only one reservation is made to this liberal offer viz: the number of patients accepted will be limited to those he can properly look after and no more. So take advantage of the offer and see him at once.

### All Forms of Chronic Diseases Treated.

CATARH in all its forms; Deafness and Ear Diseases such as ringing and roaring noises and discharges; Stomach, Liver and Heart troubles; Rheumatism, Indigestion, Piles and all Kidney and Urinary Diseases treated by new methods.

DISEASES OF WOMEN—Cured without the aid of surgery or the unpleasant features of local treatment; Irregular and painful menses; bearing down pains; weak back; displacements; leucorrhoea, etc.

DISEASES OF MEN—Nervous Debility quickly cured; Varicocele cured in a short time; Scrotal Weakness; Impotency; Blood Poison.

Speedy and permanent cures in all cases taken for treatment. No incurable cases treated hence no experiments or failures. Treatment details to one from their daily work.

Dr. Mackey is a graduate of one of the leading medical colleges of this country. He also has two special course diplomas for hospital practice in chronic diseases and has had 19 years' experience treating such diseases and can refer to over 500 patients in the states of Kansas and Missouri cured of old lingering chronic diseases by his treatment, many of them after other doctors had failed.

He wishes to emphasize the fact that he is in no sense a traveling doctor as his office and medical dispensary is located in Kansas City, where he or his assistants can always be found, but he thoroughly understands that there are many chronic invalids whose business will not permit of their leaving home and for the benefit of such, and that he may familiarize the public with his superior methods of treating stubborn, chronic diseases, he has resolved to visit this part of the state FOR A SHORT TIME, thus presenting the opportunity of seeing him at your nearby town and saving the expense of a trip to Kansas City.

Consultation Free. Examination Free. Opinion and Advice Free. Professional and All Medical Services Free. Everything Free

but the actual cost of the medicines used to perform the cure—is the offer which he makes to all who apply to him and commence their treatment during his week's stay in this vicinity. Call and investigate and be convinced that you are dealing with a scientific, honorable physician and specialist.

Office in Hotel Briggs, Great Bend, Kansas, One Week, Commencing Monday Morning, April 1st, 9 a. m. to 6 p. m. Daily.
